4-5	Focused tone with clarity and resonance. Vibrato, if appropriate, well – supported with evenness across registers.	All aspects of musical expression (phrasing, dynamics, intensity, tempo, ornamentation). Communicates an understanding of form, style, and emotional content.	Pitch well - centered throughout all registers.	Clarity of response: staccato short and resonant, legato smooth and facile. Execution is stylistically correct.	Technical passages are executed with security and confidence.	Precise execution. Maintains stability and momentum throughout.	Repertoire selected is appropriate for corresponding level of study.
2-3	Focused tone but with some unevenness and lack of projection. Vibrato is developing.	Musical expression is inconsistent. Requires more sensitivity in musical expression & style.	Occasional flaws that vary with register and dynamic levels.	Somewhat unclear response: staccato and legato styles occasionally inappropriate.	Inaccuracies occasionally mar overall performance.	Imprecise execution, yet maintains stability and momentum in most passages.	Repertoire selected is below difficulty level of corresponding level of study.
