### **SOCIAL SECURITY NUMBER OPT-OUT FORM**

The Internal Revenue Service requires that Form 1098-T must be prepared for all students who had qualified tuition billed to them during the calendar year. In order for Baker University to comply, we need social security numbers for each student, regardless of program and who is paying for the student's courses.

While we cannot require a student to give out his/her SSN, we must have a signed form requesting an alternate ID.

PLEASE NOTE: If you opt out of providing your SSN, you will not receive a 1098T for any transactions made through Baker University. For more information on the 1098T, please consult the IRS or a tax representative.
