

Residency Requirement Exemption

Contract to Live Off Campus with a Parent or Legal Guardian

Baker University is a residential campus, requiring all full time (12+ hours) students to live on campus. Living on campus completes the college experience by allowing students to connect with friends, get involved, and interact with faculty and staff.

The University understands that for some students an extended stay with a parent/legal guardian is necessary to student success. With this in mind, the Parent/Legal Guardian Exemption is a **one year exemption** for the **primary residence of the parent/legal guardian** with the understanding that the student will have direct parent/legal guardian oversight (does not include other properties owned by the parent/legal guardian).

As a parent/legal guardian, if you would like to grant your student permission to live at **your primary residence** rather than on campus, please complete the contract below:
