

A GUIDE TO FRATERNITY

Life

AT BAKER UNIVERSITY

RECRUITMENT 2021-2022

Why Fraternity Life?

While academic achievement is the primary reason to attend Baker University, activities outside of the classroom are also an important component of becoming a well-rounded graduate. Baker's fraternity organizations enhance your collegiate experience by emphasizing intellectual, interpersonal and social development. Lifelong friendships, high academic standards, campus and community service and social interaction are what fraternity members strive for every day. This affiliation provides a unique combination – it's a family, it's a social organization, it's a business, it's a home away from home and it's an opportunity to develop confidence as you acquire leadership skills.

Fraternity Community

Achieving Academic Excellence

A primary purpose of fraternity organizations is to encourage and develop high scholastic achievement among its members.

Making the World a Better Place

Through the support of local and national philanthropies, fraternities and sororities promote ideas that enhance a member's college experience.

Learning to Lead

Members of the fraternity community are active in and hold leadership positions in every facet of college life. The valuable leadership skills gained assist members well after their college years.

A Letter to Parents

Membership in a fraternity organization is an asset your son can take advantage of during the transition from high school to college. Through it he will develop the ideals of trust and friendship, responsibility, and maturity. Brotherhood is a special bond that forms within each chapter and will give your son the strong foundation from which he can securely branch out into other areas of campus life, knowing he will be supported in his endeavors.

Further, the opportunities to develop friendships outside the chapter are limitless, as he will be encouraged to become involved in other campus organizations. These lasting friendships make the college experience more enriching and expand his horizons and foster his social and academic growth. The fraternity experience will help your son become a mature, responsible man, prepared to face whatever life may bring!

“Before I came to Baker, I had a negative opinion of Fraternity Life, but from the first moments I stepped onto campus I knew that the four-hapter houses at Baker efficiently defied the stigma that surrounds fraternities. The bonds that I have made with my brothers are ones that are irreplaceable, along with the connections that I have already made with alumni. The opportunities that come with Fraternity Life are ones that you simply cannot get anywhere else.”

Baker University Order of Omega national honor society, honor academic excellence among sorority and fraternity members. These organizations also offer scholarships to their members.

The safety of members living away from home, perhaps for the first time, is important. Potential members and their families can be assured that the health and safety of all members and their guests are a priority for the alumni who serve as advisers.

Alcohol: Every chapter house has different policies for alcohol possession or consumption on their premises. Fraternity-sponsored events involving alcohol must be registered and conducted following University and Chapters National Headquarters policies and procedures.

Hazing: All forms of hazing are prohibited by state law and the policies of every Fraternity organization.

ALCOHOL IS NOT ALLOWED at any recruitment event or activity. National and University policies stipulate that all events and activities associated with recruitment be alcohol free. Violation of this rule is a serious infraction.
