Presentation Format Details

Poster - Poster presentations are a detailed showcase of completed research including summarized information using brief written statements and graphic materials, such as graphs, charts, figures and photographs mounted on a poster board, the dimensions of which need not go beyond the allocated space per poster. Poster presentations must meet the following requirements:

- Poster size will be 36x48 (landscape only)
- Students can use the provided PowerPoint template or make modifications as long as:
    o The poster size is unaltered
    o The student keeps content in the three column structure
    o The Baker logo/shield remains on the poster where it is found on the template
- The lead author must be in attendance at the conference
- If the Faculty sponsor is included on the poster, it should be in the acknowledgements section.
- Posters must be submitted in JPEG File Interchange Format

Platform Presentation - Platform presentations are offered as spoken accounts, giving the presenter the opportunity to further explain their project to the audience. This format is generally accompanied by visual information in the form of PowerPoint slides and followed by a period of dialogue. These presentations are limited to fifteen minutes each.

Creative Visual Art - This category may include submission such as drawings, paintings, prints, photography, sculpture, ceramics, or crafts. Presenters will display their work and be present during the scheduled session of the Symposium to discuss their works or projects.

Expressive Performance - Projects entered into this category may include scholarly presentations of art, film, theatre, vocal performance, or other artistic expression that interpret or create insights. These presentations may be conducted as a 15-minute platform.
