Workshop details
8:30 a.m. to 4:15 p.m. - Monday, August 13, 2012
Cost: $85 per person ($70 each if three or more attendees are from the same organization).
Contact hours: 7.2

About the workshop
Upon completion of this workshop participants will be able to:
• Analyze strategies required to achieve each of the eight IOM recommendations.
• Discuss RWJF/AARP/CCNA Campaign for Action and the State Action Coalitions.
• Examine core competencies for interprofessional education and practice.
• Discuss the implications of current transformations in nursing practice, education, and leadership.

About the speakers
Dr. Cynthia Teel is Associate Dean of Graduate Programs and Professor at the University of Kansas School of Nursing. She is a co-leader of the Kansas Action Coalition (KS AC), which was founded in June 2011. The purpose of the KS AC is to guide implementation of the recommendations made in the 2011 IOM report, Future of Nursing: Leading Change, Advancing Health. Dr. Teel has been responsible for leading development of the KS AC, submitting multiple grants, as well as submitting the original KS AC application to the Robert Wood Johnson Foundation (RWJF). She has been an invited speaker during RWJF national webinars, in addition to speaking to a variety of state medical and nursing groups about the IOM report and Campaign for Action.

Dr. Bobbe Mansfield is an Associate Professor at Washburn University School of Nursing. She previously taught community health nursing at Baker University School of Nursing. She is employed as a family nurse practitioner in Topeka, Kansas. She serves on several community initiatives to promote healthy lifestyles for citizens in Shawnee County, and advocates for interventions to prevent chronic disease.

Dr. Valerie Ramones is the Designated Learning Officer and Acting Designated Education Officer for the VA Eastern Kansas Health Care System. She is responsible for Graduate Medical Education, Allied Health Programs, Nursing Education, Employee Education and Staff Development. Dr. Ramones is the program coordinator for the 12-month RN Residency Transition Program.

Mr. Rex Patty has practiced in the emergency field for 18 years. After receiving his APRN, he has worked 12 years in the field of occupational medicine. He is currently an Education and Development Specialist at Stormont-Vail HealthCare where he facilitates nursing education using High Fidelity Simulation. He is also the coordinator of the RN Residency Program.
